

Letter of Intent

In order to promote harmonious and fruitful cooperation in the cultural and educational sectors between China and Poland, as well as to meet the growing needs of students from Asia and around the world coming to the Chopin University of Music, with the intention of creating favourable conditions and opportunities for the development of further musical talents of the international community, leading to increasing the reputation of the Chopin University of Music, and above all to create an infrastructure capable of receiving students from all over the world, the Parties agree as follows:

1. Through negotiation, the Parties will determine the details of cooperation adjusted to polish legal regulations, in a form acceptable to the Chopin University of Music.
2. The Chopin University of Music will provide a plot of land with an area of 3900 square meters will be responsible for the creation of an educational program for international students and will provide adequate teaching staff. The Chopin International Education Group will invest 50 million Euro in the construction of two connected buildings: one of them will be a part of the Chopin University of Music and the other one will provide accommodation and social space for students. Both Parties will jointly establish a project team and the details of cooperation will be agreed in a separate contract between the Parties. The Chopin International Education Group plans to create an International Cultural Exchange Center as a part of the University in cooperation with the Chopin University of Music.
3. When the cooperation between the two parties commences, the Chopin International Education Group will lead the next project, aiming to launch the Chopin University of Music Asia Campus (in QingDao City, China).
4. The Letter of Intent was drawn up in duplicates, one for each party.
